- 7:40 Group writing - using big whiteboard so SL won't throw the small ones. She has been getting more physical with other students.
- 8:00 Sunshine Lit with WGI - not engaged
- 8:20 Mtt isn't here, so Jolene and I split JC + ST up - much better!
- 8:40 MS^{-consult} came in + we reviewed JB choice boards. SL hit JC again with her bottle. MS^{-consult} is going to send us a continuum board to use with visuals for her.
- 10:20 Art: Hand over hand with WGI is getting more + more difficult, his body is extremely tight and he is not wanting to grasp the tools.
